

SMALL IS BEAUTIFUL

BECOME A BUTTERFLY

OUR KALEIDOSCOPE OF BUTTERFLIES ARE A PERFECT EDITION TO ANY EVENT, WE HAVE A COLLECTION OF MARVELLOUS MENELAUS BLUE MORPHOS AND A NOW WHOLE RAINBOW OF BUTTERFLIES IN OUR COLLECTION TO HAVE FUN WITH.

Our wings are made from beautiful hand painted silk, are lightweight and held together by a simple backpack structure. Skip the caterpillar stage...our wings only take a minute to put on then you're free to fly away and be a giant butterfly.

Don't just let the kids have fun, have a wonderful festival family photo with everyone in the wings. A fun and simple way to capture a special moment.

HOW IT WORKS

-  We'll bring 10 sets of our butterflies to your event for people to try throughout the day (with breaks for our staff factored into the time).
-  Two members of our team will be on hand to help little and big people into these fabulous wings. Ideal for outdoors or we would require a large indoor space to run around in. We can set up in any space and is an ideal walk up activity.
-  These walk ups get very busy and transform any space into a whirlwind of colour.
-  We can bring along our battery powered amp and awesome playlist to add to the festivities upon request.

PERFECT FOR

- Festivals
- Family Events
- Parades
- Carnivals
- Themed Events (forest/garden/magic)
- Photo Shoots
- Film Shoots

FACT FANS

Because of the special pigments we use in the dyes to paint the silk, they look incredible on camera.

EXTRAS

Talk to us about our other packages including:

- Larger butterfly wings
- Silk flower dresses
- Fairies on stilts
- Full Carnival bands, and other structures for hire, perfect for larger events.
- Bespoke commissions (i.e. flags, structures, lanterns).

THE SMALL PRINT

Weather: our silk butterflies can be out in all weathers to a point, however if the weather conditions are very adverse (i.e. gale force winds and rain) we would need an alternative inside space.
